PROFESSIONAL PROFILE

I am Miguel Fidalgo Garcia, a Computer Science and Engineering student at Universidad Carlos III of Madrid, with an academic year completed at Purdue University.

My experience spans compilers, operating systems, web development, data structures and embedded systems, working with languages such as Python, C, Scala, SQL, PHP, R, RISC-V and x86-64 assembly. I am passionate about building efficient, well-structured software and understanding systems in depth, from high-level architecture down to low-level execution.

EDUCATION

Purdue University, Indiana, USA

Aug 2024 - May 2025

- Exchange Program – Bachelor in Computer Science
- GPA: 3.36 / 4.0
- SEMESTER HONORS DIPLOMA

University Carlos III of Madrid, Spain

Sep 2022 – Jun 2026

- Bachelor in Computer Science and Engineering
- Grade: 8.13 / 10

Online course at Google

April 2020

- Cloud Computing Certificate

SKILLS

- **Programming Languages:** Python, C, Java, Scala, RISC-V, x86-64, SQL, PHP, VHDL, R
- **Software:** VS Code, JetBrains Suite, Quartus, R Studio, JFLAP
- **Languages:** Spanish (Native), English (C1)

PROJECTS

Systems & Compilers:

Minishell in C · SimpleC Compiler (Lex/Yacc) · Full Compiler in Scala (x86 backend, GC)

Web Development:

Full-Stack Apps in PHP & SQL · User Auth & CRUD · Book Management System

Databases:

Relational Design · SQL Logic & Triggers (PL/SQL) · Query Optimization (Oracle)

Low-Level & Hardware:

RISC-V Assembly · Custom Microprocessor (WepSIM) · Traffic Light FSM in VHDL

Algorithms & Data Structures:

Binary Trees · Linked Lists · Recursion & Memory Efficiency

Networking & Security:

Packet Sniffer in C (PCAP, TCP/IP stack analysis)

Other:

Arcade Game in Python (Pyxel) · Multithreaded Producer-Consumer in C · Business Plan

OTHER EXPERIENCE

CAMP MAH-KEE-NAC | TENNIS COUNSELOR

Summer 2022 & 2023

Lenox, Massachusetts, USA

Team leadership and mentoring in a multicultural setting. Developed communication and teamwork skills.
